

WLO 2023 CANAL BOAT DOCK APPLICATION

Please complete, sign and return the form below, along with \$200 (\$150 donation and \$50 refundable deposit) and a copy of your current boat registration, as application for a boat dock space in the WLO canal for the current 2023 docking season. A public drawing for docking space will be held at the Boat Dock on Saturday, March 18, 2023, @ 12 noon. All member boaters are encouraged to attend, but your absence will not affect your docking space. Donations to WLO are non-refundable.

By signing this application, you are agreeing to the following terms and conditions:

1. Boat docking spaces in the canal are available only to WLO members in good standing, who have paid their dues in full, including the current docking season and who own a boat at the time of the drawing.
2. Dock space may be limited and this application is not a guarantee that every applicant will receive a dock space each season. Applications may be accepted after the drawing if docking space is available.
3. Dock space is for use by the member and boat on the application only and is not transferable to any other person. The applicant must own the boat that is to be docked at the space. A copy of the current boat registration, including the member/application as owner of the boat on this application, must be attached.
4. The final location of your boat may be determined by the Director of the BHC Committee as required to improve safety.
5. Docking season is from April 1 - November 1, each year. Boats and docks shall be removed from the canal and boat dock area by November 1, each season.
6. Installation of a temporary dock constructed of wood and/or aluminum with aluminum or steel poles is allowed, subject to the approval of the Director of Boats and Harbors and Canals. Any dock installed shall not extend more than 16 feet from the bank and shall not restrict access to the neighboring docking areas or impede traffic in the canal. Tires shall not be used as bumpers.
7. The member assigned a dock space is personally responsible for maintaining the docking area including: installation and removal of any temporary dock as well as securing the boat using ropes and poles so as to prevent the boat from touching neighboring boats. A minimum of **three tie points** is required. Tying to ground stakes is permitted only if the mowed path is not obstructed.
8. Failure to comply with the above terms and conditions may result in one or more of the following actions:
 - a. Forfeiture of \$50.00 deposit
 - b. Loss of docking privilege for current season
 - c. Loss of docking privilege for following season
 - d. Permanent loss of docking privilege
9. WLO accepts no responsibility or liability for boats docked at the canal or for use of the boat dock space.
10. \$50 refundable deposit may be credited to your PayHOA account.
11. A docking partner is optional. Applicants are encouraged to pair up with a dock partner to conserve canal shoreline. Docking pairs are preferred and therefore will be drawn before non-partnered applicants. If you have a dock partner or would like to be paired, please fill in their name or write "dock partner needed":
Name of Dock Partner or Dock Partner Needed: _____

I hereby agree with the above terms and conditions and apply for a boat docking space at WLO canal:

Member: _____ Signature _____

Address _____

Telephone _____ Cell Phone _____

Email _____

Boat Length, Color and Type _____ MC# _____
